

I was born and raised in Fullerton and married my husband Jimmie 39 years ago. We are both graduates of Fullerton High School as are our children, Antonio and Sunnie. I worked in municipal government for 30 years in Santa Ana and Fullerton. I also worked 7 years in the private sector which has given me insight into the realities of both the private and public sectors. Most of my career has been in Community Preservation, but a significant part was in law enforcement. I have gained a wealth of knowledge from these different positions. I have worked constructively and have fought City Hall from the inside as well as outside and know how cities work and what must be done to meet the challenges we face.

I will work hard for our residents and community and especially for those with little influence in City Hall, to achieve accountability, transparency, equality and justice. Our city needs stability, trust and to rebuild a foundation for all. I want to make Fullerton a better place for our families to live and work and for our business community to thrive. If elected, I will listen to you and be your dedicated servant.
