

**CITY OF FULLERTON
MEMBER OF THE CITY COUNCIL**

NAME: BARRY LEVINSON

OCCUPATION: Auditor/Parks Commissioner

I am running to help our city recover from the effects of years of cronyism and lack of accountability. The mandate the voters gave in June must continue.

I am the only candidate running who:

actively supported the Recall and received the highest vote tally of any runner-up in all 3 races;

has a verifiable record of attending almost every City Council meeting the past three years;

has a consistent record of challenging the City Council on decisions that were not in the best interest of the voters.

My MBA degree and my auditing experience make me uniquely qualified to navigate us out of the financial crisis we are in. I will fight for real reform that is fair and reasonable for all sides. As your elected Council member I will always represent the residents of Fullerton above all else.

I successfully spearheaded the effort to get Fullerton Ordinance No. 3149 passed to protect our children from dangerous sexual predators. As Parks Commissioner I helped reopen the skate park at Independence Park this past summer. Let me continue to serve this community as your next council member.

I respectfully ask for your vote and your support.
